There are two main types of grants, categorical grants and block grants.

The Secretary has deemed it proper and necessary, according to the above statute, to enter into a Grant with the Grantee for agreed upon exchange of services listed herein as stated in the Scope of Work. This offer, which asks for a promise in return as the agreed exchange for a promise, is an offer to enter a bilateral agreement.
- c. In no event shall the Grantee be entitled to payments for costs incurred in excess of the amount set forth in this Grant without prior written approval of the Grantor. Unless modified by written Amendment to this Agreement, there shall be no allowance for costs incurred outside the Scope of Work set forth in [Section 9.0](#). The Grantee shall only be paid for actual work performed and services delivered.

- d. The term of this grant is from **07/01/2021 to 06/30/2022** and includes two (2) additional (1) one-year grant renewal options by written agreement of the parties. The Grantee will not receive payment for any expenditure made or incurred prior to 07/01/2021 or after 06/30/2022, the term of this Grant award.

4.0 PRINCIPAL PLACE OF PERFORMANCE

create any obligation, expressed or implied, on behalf of DCF and shall have no authority to represent DCF as an agent. The relationship of DCF to the grantee is not affected by the grantee's status as a for-profit or a not-for-profit entity. All terms and conditions within this award shall apply regardless of grantee's status.

9.0 SCOPE OF WORK AND DELIVERABLES

The Grantee, shall, in conformance with the Specific Terms and Conditions set forth herein, provide all things necessary and/or incidental to the furnishing and delivery to DCF, all of the supplies or services set forth below.

Open and ready access to recovery services both in treatment setting and in the community model of Recovery Oriented Systems of Care (ROSC) is central to the SRCC service philosophy of DCF for alcohol and drug addictions as well as for co-occurring disorders. The Grantee shall subscribe to a philosophy of treatment that embraces the concept of placement by standardized criteria and flexible length of stay based upon client individual strength assessment and recovery planning along with client input. The Grantee shall include family members and other stakeholders as identified by the SRCC participant in the recovery services when clinically indicated and possible. The achievement of positive outcomes for clients served shall be the goal of the Grantee.

In several communities statewide, clients are underserved in their options for treatment services, primarily due to a lack of a robust provider network. Clients are often asked to drive a significant distance to access services or services available in the community are limited and deemed ineffective, particularly for those early in their recovery. HRADAC and SACK have been providing treatment services for several years and have primarily avoided providing direct treatment services to the SRCC population to steer clients to other community-based services. However, both agencies have developed a robust system of providing telemedicine-based treatment, allowing clients to remain in their communities and still participate and attend treatment. Both HRADAC and SACK agree that SRCC clients will be given a minimum of three treatment provider options. This minimum option is required in certification agreements with the Medicaid and Block Grant payors. Treatment services will be provided by HRADAC and/or SACK for SRCC clients. This serves the purpose to allow SRCC clients access to all treatment options available to them in their community.

9.1 BACKGROUND AND SCOPE

This Grant developed between DCF and HRADAC will coordinate the provision of assessment, referral and SRCC services to TANF recipients to obtain and retain gainful employment. SUD can potentially create employment barriers for TANF recipients. Obtaining and retaining gainful employment is a major challenge for these individuals. Implementation of the SRCC provides open and ready access to recovery services both in treatment settings and in the community model of ROSC.

9.2 SERVICES TO BE PROVIDED

This Grant addresses SRCC intensive case management services to TANF recipients, drug testing and intensive case management for SUD issues with the goal to obtain, retain gainful employment and attain self-sufficiency.

All approved TANF recipients will be administered a clinical substance use assessment instrument. When indicated by this screen of a probability for SUD issues the participant will have a clinical substance use assessment completed by a qualified SRCC staff member, or a designee assigned by the Grantee director. This includes any new participants who have applied for TANF benefits, current TANF participants and former SRCC participants (within the past 12-months) who are exhibiting signs of SUD issues.

Both HRADAC and SACK agree that SRCC clients will be given a minimum of three treatment provider options. This minimum option is required in certification agreements with the Medicaid and Block Grant payors. Treatment services will be provided by HRADAC and/or SACK for SRCC clients. This serves the purpose to allow SRCC clients access to all treatment options available to them in their community

- a) If identified as high probability of having SUD issues and through the use of a clinical substance use assessment screening no level of treatment is clinically indicated, the client will be referred to participate in a Grantee approved alcohol and drug education curriculum per KEESM 2260.11. Completion of this recommended curriculum will be reported to the EES Employment Services Career Navigator (ES CN) in a monthly report. The EES TANF Program Manager will also be notified if it involves illicit drug use.
- b) If identified as high probability of having SUD issues and through the use of a clinical substance use assessment treatment is clinically indicated, the client will be referred to an appropriate, community-based treatment service. This will be reported to the ES CN in a monthly report. The EES TANF Program Manager will also be notified if it involves illicit drug use.
- c) Completion of the recommended level of treatment service will be reported monthly also.

The SRCC will report to the ES CN (and the EES TANF Program Manager as appropriate) within 24 hours after it has become known to the SRCC that the client has removed themselves from or has failed to attend assigned treatment.

- d) If the result of the substance use assessment screening instrument is high probability of a SUD as a result of illicit drug use, the SRCC is responsible to offer a clinical substance use assessment within 2 business days. Once it has been determined there is a high probability of a SUD as a result of illicit drug use, the client will be referred to a state contracted drug testing site the same day if possible but no later than the following day. During the evaluation, the client will be referred to a state contracted drug testing site the same day if possible but no later than the following day. SRCC will provide copies of the drug test referral to the SBDT mailbox, the state contracted drug testing facility, and the client.
- e) If the client fails to attend the clinical substance use assessment, SRCC must report such failure to the EES TANF Program Manager and the ES CN within 24 hours after it has become known to the SRCC of the client's failure to attend.

When the SRCC schedules the clinical substance use assessment appointment based on a high clinical substance use assessment screening as a result of illicit drug use, the SRCC is responsible to inform the client to bring picture ID and supporting documents. SRCC will be responsible to have the client sign a release form allowing DCF to share the results of the drug test with SRCC should it come back positive for controlled substances so that the results may be utilized in the consideration of appropriate treatment options. The SRCC shall be bound to the same rules of confidentiality as DCF and shall not disseminate such information beyond as allowed by such confidentiality rules. The EES TANF Program Manager will be responsible to communicate with SRCC about test results and SRCC will determine treatment requirements. If a drug test is negative for controlled substances, there will be no further action on the part of the EES TANF Program Manager; however, SRCC will need to determine if treatment services are clinically indicated.

All staff involved with this funding project will provide data reporting through the approved assessment and reporting tool to the Grantee for Solutions Recovery Care Coordination as requested by the Grantee and follow the procedure for reporting as provided by the contractor who is the Statewide Data Tracking and Utilization Coordinator for the TANF/SRCC services. All SRCC staff tasked with administering and reporting on the approved tool must be capable of demonstrating competence in its usage.

As the Statewide SRCC Data Tracking and Utilization Coordinator, the Grantee will work in the development, training, and statewide implementation of the Temporary Assistance for Needy Families (TANF) client delivery system as requested by DCF. The Grantee is to ensure that individual SRCC caseloads are manageable.

The Grantee will provide Solutions Recovery Care Coordination (SRCC) staff to provide assessment, referral and barrier reduction services to TANF clients in DCF locations identified as experiencing or at high risk for SUD issues with the goal of prevention of and achieving recovery from SUD issues and increased self-sufficiency.

Specific duties to DCF/EES include but are not limited to:

1. Reimburse HRADAC based on actual costs up to \$1,784,687.00 from the temporary Assistance to Needy Families (TANF) Block Grant funds annually for SRCC services provided to TANF recipients with SUD issues.
2. ES CN's share information necessary to coordinate services between EES and SRCC staff. The provisions established in KEESM 3330.1 apply to the disclosure of information.

ES CN's will collaborate with HRADAC subcontractor(s) to determine when identified clients successfully complete substance use treatment as defined by the contractor in KEESM 2260.10 and skills-based training as defined by DCF in KEESM 2260.10. EES TANF Program Manager will assure that information is provided in a timely manner to ES CN's.

Specific duties of SRCC staff include, but are not limited to:

All substance use screening instrument scoring will be done by qualified SRCC contractors. The Grantee's SRCC or a designee assigned by the Grantee's director will provide clients identified as high-risk with further assessment. High-risk behavior is identified through the substance use screening instrument score interpretation, interview, collateral information, review of prior substance use treatment history for assessment, or a combination of these methods. Collateral information may also be gathered through interviews with spouses, co-parents, family members or relevant others, per the individual's consent.
2. Grantee's SRCC or a designee assigned by the Grantee's director will assess all clients who are identified as high-risk with the clinical substance use assessment. The review will determine the next steps for the TANF recipients, and if it is appropriate to extend SRCC case management.

10.1 AVAILABILITY OF ANTICIPATED FEDERAL FUNDS

The formal approval of grant awards, and the obligation and payment of funds, are contingent upon the availability of anticipated federal funds, as determined by Congress, Kansas statute, other federal or State action, as well as the Specific Terms and Conditions contained in this NOGA.

10.2 COST PRINCIPLES

State of Kansas purchasing regulations are required to be followed, unless prior approval has been granted. Travel costs under this award are to follow State of Kansas mileage and per-diem rates as stated.

10.4 INELIGIBLE ITEMS

Items ineligible for grant award reimbursement include: gift cards, entertainment, meals of the Grantee, its staff, providers and vendors, organizational dues, membership fees, travel expenses that are not strictly in performance of grant responsibilities and purposes, campaign contributions and lobbying expenses to influence any legislation and other such expense for alcohol, for consumption purposes; land; construction or reconstruction of driving ranges, towers and skid pads; construction, rehabilitation or remodeling of State, local or private buildings or structures; and office furnishings and fixtures. Grant funds shall never be used to purchase property or build facilities.

Grantees are responsible for paying for grant-funded goods and services in a timely manner. Grant funds may not be used to pay late fees, finance charges, interest or any costs associated with late or overdue bills. All such costs are the sole responsibility of Grantee.

10.5 PROPORTIONATE FUNDING

Allowable costs for personnel, major equipment and other significant purchases must be limited to the portion utilized on the project.

10.6 DUPLICATION OF FUNDS

By acceptance of this Grant, Grantee declares and assures that no costs or expenditures, which have been funded by other federal or State grant funds, have been duplicated or otherwise included as part of the funding request in this Grant.

10.7 SUPPLANTATION OF GRANT FUNDS

Grantee shall not use grant monies to pay for expenses already being paid for or have been paid for by another source. Grantee shall not replace or supplant funding of another existing program with funds provided for in this Grant. Funds granted under this Grant may not be used for any purpose other than the one defined in this document.

10.8 START-UP COSTS

Grantees may have start-up costs approved which were incurred within the ninety (90) day period immediately preceding the effective date of the award. Requests for start-up costs must be negotiated during the pre-award period. Start-up costs must be necessary for the effective and economical conduct of the Grant and the costs must be otherwise allowable. Pre-award expenditures are made at the Grantee's risk. Approval of start-up costs does not obligate DCF under the following conditions: (1) lack of funding appropriation; (2) if the award is not subsequently made; or (3) if a Grant is made for a lesser amount than the Grantee expected. Start-up costs are one-time monies and are not to be approved for continuation Grants.

10.9 PROGRAM INCOME

Program income means gross income earned by Grantee that is directly generated by a supported activity or earned as a result of the Grant Award. Program income includes, but is not limited to, income from fees for services performed, the use of rental, real or personal property acquired under the award, the sale of commodities or items fabricated under the award, license fees and royalties on patents and copyrights and interest on loans made with award funds. Interest earned on advances of funds is not program income. Program income does not include the receipt of principal on loans, rebates, credits, documents, etc., or interest earned on any of them.

Unless otherwise specified in this Grant, program income received or accrued by Grantee during the period of this award shall be retained and added to the funds committed to this Grant and used to further Grant objectives. Grantee shall have no obligation for program income generated and received beyond the period of this award.

10.10 UNEARNED GRANT FUNDS

Unless otherwise specified in a Grant award document, all unearned Federal Grant funds on hand at the end of the Grant period shall be returned to DCF within sixty (60) days of the end of the grant period. Revenue is earned when the allowed expenses (according to the Grant terms) are incurred and properly reported (according to the Grant terms) and timely submitted to DCF for reimbursement. The Grantee shall remit the amount due by check or money order, payable to DCF as coordinated with the Granting Agency.

Grantees may keep any interest or other investment income earned on advances of DCF Grant funds as long as the monies are reinvested in the Grant itself. This includes any interest or investment income earned by sub-grantees and cost-type contractors on advances to them that are attributable to advances of DCF Grant funds to the Grantee. DCF may seek recovery of costs due to litigation.

10.11 SUB-AWARDS

Grantee may enter into sub-awards only with prior written approval from DCF. Sub-Grantee Agencies must sign off on and adhere to the Specific Terms and Conditions contained within this NOGA and are subject to the same Tax Clearance and Debarment requirements as Grantee, as well as the audit requirements outlined within the NOGA. A copy of Sub-Grantee Tax Clearance(s), Debarment Memorandum(s), and the signed Sub-Grantee Acknowledgement Form (OGC-1012), must be submitted with this NOGA for approval. Sub-Grantees shall utilize the grant funds in a manner consistent with their given budget and abide by the restrictions found elsewhere within these Grant conditions.

Prior to reimbursement of the first Budget Transaction Reports, the Tax Clearance, Debarment Memorandum, Acknowledgement Form (OGC-1012) and

In accordance with the Kansas Prompt Payment Act (K.S.A 75-6403), payments will be made within thirty (30) days from the date the Report was received by DCF. Please note the “payment date” is considered to be the date on the check, not the date it is received by the agency. Any payments not processed within thirty (30) days are subject to an interest penalty. Requests for interest to be paid on an invoice must be sent to the Executive Officer of the Agency. Interest will be paid at a rate of 1.5 percent per month of the unpaid balance due. Total compensation shall not exceed **\$1,784,687.00**.

After payment of the final Budget Transaction Request no further amount shall be due or payable by DCF under this Grant.

12.1 REVISION REQUESTS

Grantee may submit a Revision Request (OGC-1008) during the grant year to their designated Program Manager if they would like to move funding from one-line item to another, within the existing grant year, without changing the Total Expense amount. If the requested funding change is less than 10 percent of the line item amount where the money is coming **FROM** no Revision is required.

Revision Requests will not be accepted during the last thirty (30) days of the grant term.

12.2 AMENDMENTS

Only DCF will determine if an Amendment is warranted to extend the Grant Year end date, increase/decrease the Total Expense amount, or change the scope of work within the grant year.

- c. Grantee must assert its right to an adjustment under this clause within thirty (30) working days of the written notification. However, if DCF decides the facts justify it, DCF may receive and act upon a proposal submitted before final payment of this Grant.
- d. Failure to agree on any adjustment shall be a dispute under the Disputes Provision. However, nothing in this provision shall excuse Grantee from proceeding with the Grant as changed.
- e. Except as provided in this provision, no order, statement, or conduct of the Grantee shall be treated as a change to the Grant under this provision or entitle the Grantee to an equitable adjustment.
- f. This grant shall be modified only by the written agreement of the parties with the approval of DCF. No alteration or variation of the terms and conditions of this grant shall be valid unless made in writing and signed by the parties.

12.3 MODIFICATIONS SUBJECT TO FUNDING CHANGES

The State of Kansas' current financial situation does not make it possible for DCF to make firm, unalterable financial commitments. In the event DCF determines there is a lack of funding and requires a modification of this grant, DCF reserves the right to renegotiate terms and conditions of the agreement with the Grantee. Grantee agrees to cooperate with DCF in negotiating this grant.

29.0 FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA)

The Federal Funding Accountability and Transparency Act (FFATA) of 2006 requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website. Federal awards include grants, sub-grants, loans, awards, cooperative agreements, and other forms of financial assistance as well as contracts, sub-contracts, purchase orders, task orders, and delivery orders. The legislation does not require inclusion of individual transactions below \$25,000. **To comply with this legislation, DCF must report sub-recipient information on grantees and contractors.** First, the award must be analyzed to see if the funds are federal or State monies. Then a determination must be made whether the awardee has a sub-recipient or vendor relationship with DCF. This is accomplished using the Federal Sub-Recipient v. Vendor Determination Checklist.

Grantee must submit the FFATA Five Most Highly Compensated Executives form (Form OGC-4001.1) ([Attachment C](#)) and submit it with their signed NOGA.

The Grantee Agency may use its own definition of equipment if its definition would at least include all items of equipment as defined here.
